

PERSONAL LOCKER – REFUNDABLE KEY DEPOSIT & ANNUAL HIRE CHARGE

The academy is able to offer each student the use of a personal locker. The lockers have been sited on the general corridors and open space areas around the academy. This is to allow for less disruption to lessons, and to create more space in smaller classrooms for better curriculum usage.

The lockers are large and of a high quality. All have a high security lock fitted to them, with a single key access. In order that we are able to ensure the safe return of the key and to a degree the general upkeep of the locker, the academy will ask for a refundable deposit of £10. The deposit is required for your daughter to secure a key for her own personal locker, and will be returnable when your daughter leaves Belvedere. This is subject to the safe return of the original key, the reasonable state of the locker and all annual £10 locker hire fees have been paid.

There is an additional annual hire charge of £10 per annum. The income generated from this will be re-invested into additional student facilities, as well as maintenance and general upkeep of the lockers.

Should your daughter wish to have their own personal locker assigned to them, you will need to complete an acceptance form and return to the Finance Department. You will also need to pay your refundable deposit of £10, and at least 1 year's hire charge for the facility charged at £10 per annum via Parent Pay. Once both of these have been received, your daughter will shortly be assigned her own locker and her personal key for it.
